

"Horns double"

Start with both bigs setting high opposing ball screens for the 1. Key points, want the 1 use the side that has our best matchup up between the 4 or 5. 1 must turn the corner to create a matchup issue for defense. **As soon as 1 clears the shoulder of the 5, the 5 rolls hard! 4 begins to follow the 1.**

"Horns double"

As soon as the 5 rolls out, the 4 is coming in to set another ball screen. The 1 reverse dribbles, uses the screen and attacks the nail. Options include drive, 5 on a drop off or hitting the 3 if his man helps.
