March 16, 2020

Dear Saint Sebastian Sports Project Mulligan Attendee,

We want to report that we have just learned that a guest at our March 7th Mulligan fundraiser has tested positive for COVID-19. There are other guests with symptoms being tested at this time. The guest that tested positive did not exhibit symptoms on the evening of the event.

We are grateful to them for alerting us, particularly given that they were not experiencing symptoms during the event. While we know there are many places people could have been exposed before and after the Mulligan as this virus has developed, we wanted to make sure you have this information as soon as possible. The health and safety of anyone who participates in any SSSP event is of great importance to us.

The following are some helpful resources from the LA County Department of Health regarding COVID-19:

What you need to know:

<http://www.publichealth.lacounty.gov/media/Coronavirus/CoronavirusInfographicEnglish.pdf>

FAQs: <http://www.publichealth.lacounty.gov/media/Coronavirus/FAQ.pdf>

COVID-19 preparedness resources for faith-based organizations:

<http://www.publichealth.lacounty.gov/media/Coronavirus/GuidanceFaithBasedOrgsEnglish.pdf>

What if I'm exposed: <http://www.publichealth.lacounty.gov/media/Coronavirus/FAQ-Exposure.pdf>

We are respecting the privacy of the guests involved and will not be releasing the names.

Please forward this to your guests who attended the event, as we may not have their email addresses.

We are praying for all of you and your families during this difficult time.

God Bless,

Clare T. Gurbach
